Director's Message

The Board of Recreation is proud to present this 2018 Fall edition of the Recreation on-line brochure. The department offers a variety of leisure services, programs and special events to residents and visitors of all ages. At Foxboro Recreation we meet needs of toddlers through senior citizens. Our staff and Recreation board members are consistently striving to meet the challenge of providing many recreational programs and activities throughout the year.

Please take a look at the many programs we are offering this fall. If you need entertainment for your children on their day off from school, we have opportunities for them to spend the day with us. If you are looking to take a hike, meet new friends, learn a new skill, we have those programs for you. While our programs are affordable, we do offer many free family events in and around the community such as the Halloween Parade, our annual tree lighting on the Common and several more.

Toddler and Preschool Programs

Foxboro Recreation recognizes that the early years are an important time in a child's life. We offer a variety of quality programs at our recreation centers as well as a many great toddler/preschool programs. Class sizes are limited in order to give each participant the quality of attention you expect.

Activities will enhance socialization, assist in building self-confidence, and provide some educational experience. Our programs are all play based where children will participate in crafts, games, circle time, sharing, creative play, and other activities based on their age. The early childhood years from birth to age 5 are a critical time for developing many important language, physical, social, and emotional skills.

Enrolling in early childhood programs gives young children opportunities to practice those key developmental skills. A sports class not only teaches gross motor skills like kicking a ball, but also important social skills like waiting your turn and sharing with others. Art classes are great opportunities to practice fine motor skills by using paint brushes crayons or markers and to use language by sharing ideas with others.

All of our preschool and toddler programs are led by Renee and her caring, expert staff who understand early childhood development and design age-appropriate activities that ensure children have the best possible introduction to organized play. Our staff is skilled at easing the transition into participating independently.
